## Company Recruitment Team

July 15, 2019

DEAR RECRUITER,

### Job Application for Financial Analyst - Business Analytics

Dear Mr./Ms. HR,

### About Me

---

During my previous role at Volkswagen Finance, I supported our sales, marketing and executive teams with credit risk data analyst. I pioneered the use of data analyst techniques to generate financial risk analysis reports with a high degree of accuracy, resulting in a 8% costs decreased. I am fluent in a wide variety of data management systems ranging from traditional options like Excel and SQL to newer BI system tools like Tableau and SSAS/SSRS.

### Why Lululemon?

---

I'm very much enthusiastic in applying at the Lululemon because of its growing services and reputation in the field. I'm sure your organization can achieve other milestones in the future. And I want to be a part of that success.

### Why Me?

---

On my personal level, I love to provide solid analytical support, apply my skills and contribute to team's success. I have working knowledge of core data analyst skills, which has allowed me to develop solutions and deliver best results. I really enjoy being part of a motivated team of smart people.

Sincerely,

**Ella Fan**
